Dear Mr. Weisberg,

First of all, let me express my hopes that you are feeling well and are recovering from your phlebitis condition. I was wondering whether or not you found any of the material I sent you some time ago on neutron activation analysis and the like at all useful. If you should need any kind of legal research done in New York, please feel free to get in touch with me at our Brooklyn address. Robert will be sending you another package of clippings in a short while, which will include an article from the current issue of Oui magazine on the critics.

I am having Post-Mortem sent to my home address, as it would be inconvenient to receive it here in Brooklyn, but [redacted] Robert and I were wondering whether you could put us on your mailing list under our Brooklyn address?

Best Wishes,
Jerry Kay
